

DESCRIPTION

EZ-STRIP is an industrial-strength alkaline cleaning agent. This powerful cleanser is designed to strip stubborn substances easily. Residues such as oils, grease, color stains and other tough to remove products are a great candidate for this product. EZ-STRIP contains sodium hydroxide coupled with surfactants and solvents which make it very powerful. This product is corrosive and should be handled with proper PPE!

PRODUCT USES & APPLICATIONS

- Tank Cleaning
- Acid Neutralization
- Hydrogen Sulfide Neutralization
- Cleaning Operations
- Equipment Decontamination

APPLICATION INSTRUCTIONS

Dilution Rate	Up to 10x with water
Set Time	30 minutes to 24 hours
Temperature	Warm water helps stripping

Special Instructions: For Scrubbing applications, make sure product has been treated with de-foaming agent.

HAZARDOUS INFORMATION

Specific Hazard	Corrosive
Flash Point (°F)	Above 220°
Biodegradability	Excellent
рН	12.5 to 13.2
Unusual Hazards	None

PACKAGING INFORMATION

Available Quantities Packaging Material Other Information 5,30,55,275 and bulk Poly Do not let product freeze.

CASE STUDY & APPLICATION INFO:

March 18, 2007: Texas Refinery Application

EZ-STRIP was used in a scrubber system at the BP Refinery to neutralize hydrogen sulfide and oil emissions stemming from a covered basin cleaning operation. EZ- STRIP kept hydrogen sulfide levels to near zero the entire job. Furthermore, due to its surfactant properties, it was also able to pull in oils from the airstream.

June 7, 2006: Acid Neutralization in Louisiana

On a sulfuric acid tank Vapor Tech's EZ-STRIP was used to neutralize sulfuric acid residues and sludges at a terminal near New Orleans. The product effectively brought the pH from 1.4 in the sludge to over 8 with one application. The tank was then vacuumed out. The surfactants in EZ-STRIP helped remove the product from the walls and floor and left a pleasant fragrance.

Specialty Environmental Chemicals & Equipment

GHS SAFETY DATA SHEET 'EZ-STRIP'

SECTION 1 - PRODUCT AND COMPANY IDENTIFICATION

Product Name	EZ-STRIP
Chemical Use	. Alkaline Cleaning Agent
Chemical Family	Mixture
Issue Date of SDS	. June 27, 2014
Revision Date of SDS	1/31/2022

Decomposition temperature	Not Determined.						
Viscosity	Not Determined.						
Specific Gravity (water = 1)	1.14 to 1.16						
SECTION 10 - STABILITY & F	REACTIVITY						
Reactivity	No dangerous reacti	ion known under conditions of normal use.					
Chemical Stability	Stable.						
Hazardous Polymerization	Will not occur.						
Incompatibilities	May etch aluminum	and zinc.					
Decomposition Products	None determined.						
SECTION 11 - TOXICOLOGIC	AL INFORMATION						
Likely Routes of Exposure:	. Absorbed through skin and eye conta	ict.					
Acute symptoms and effects:							
Eye	. CORROSIVE! Causes severe burns to e	eye tissue!					
Skin	. Exposure to skin will cause mild to sev	vere burns.					
Ingestion	. Severe gastric damage.						
Inhalation:	Burning to nasal passages and soft tis	ssue.					
Chronic Exposure:	. Not Determined.						
Toxicity Data:	<u>LD50</u>	<u>LC50</u>					
Sodium Hydroxide	Draize Test, rabbit-skin:	500 mg/24H Severe					
Carcinogenicity	. Not a known carcinogen.						
SECTION 12 - ECOLOGICAL	NFORMATION						
Ecotoxicity:	. Harmful to aquatic life. Product may	affect the acidity (pH-factor) in water with risk of	harmful effects to aquatic organisms.				
Mobility in soil: No further relevant information available.							
Degradability:	. Expected to readily biodegrade.						
	No further relevant information availa						

SECTION 13 - DISPOSAL CONSIDERATION

EZ-STRIP is not considered a hazardous waste under Federal Hazardous Waste Regulations 40 CFR 261. Please be advised, however, that state and local

requirements for waste disposal may be more restrictive or otherwise different from federal regulations. Consult state and local authorities regarding the proper disposal of this material.

(Note: Adding chemicals, processing or otherwise altering this material may make the waste management information presented in this SDS incomplete, inaccurate, or or otherwise inappropriate).
